

REQUEST FOR QUOTATION (RFQ)

Steel Utility Poles

Hopkinsville Electric System (HES)

Issue Date: June 16, 2026

Hopkinsville Electric System (HES) is requesting quotations for the supply of steel utility poles meeting the specifications listed below.

Pole Requirements

Pole Class	Quantity
75-1	3
70-1	5
65-1	5

Specifications

- Octagonal fluted steel poles preferred.
- Provide pricing for both 8-sided and 12-sided designs, if available.
- If representing multiple manufacturers, submit separate quotations for each manufacturer.
- Standard galvanized finish.
- Standard RUS (REA) drilling specifications.
- Sleeved sections that are jacked into place are preferred over bolted sectional connections. Please identify connection method offered.

Delivery Information

- Estimated lead time.
- FOB delivery terms.
- Freight charges.
- Total shipped weight.
- Truckload quantity requirements.

If the quantities listed do not constitute a full truckload or exceed truckload capacity, please advise. HES may adjust quantities to optimize freight and loading efficiency.

Pricing Requirements

- Unit pricing for each pole type.
- Extended pricing by quantity.
- Freight costs as a separate line item.
- Total quotation amount.

Award Considerations

Hopkinsville Electric System reserves the right to reject any or all quotations, waive informalities, and award to the vendor determined to be the lowest responsive and responsible bidder meeting specifications.

Quote Submission Deadline

This RFQ shall be advertised for seven (7) business days beginning June 17, 2026. Quotations are due no later than 4:00 PM Central Time on June 26, 2026.

Quote Submission

Submit quotations to:

Hopkinsville Electric System
